

Strength in Recruiting

success through quality

At DISYS, we provide IT consultants with the right skills, at the right time, at the right price. How do we do it? The answer is simple: By being the best in the business. This commitment to quality is perhaps best exemplified by our rigorous recruiting process, which includes:

- A lengthy pre-qualification telephone screening, in which we conduct an initial assessment of the candidate's skills and background.
- Comprehensive skills assessment and measurement, which may include specialized assessments directed to the particular needs of individual clients.
- Reference verification, including background checks by an independent outside firm, and drug testing.
- Personal interviews that assess attitude, demeanor, career objectives, and overall suitability for a particular assignment..
- Comprehensive review by the representative responsible for the client.

The results speak for themselves. DISYS is the provider of choice for IT consultants to many of the world's most prestigious companies, ranging in size from the very largest members of the Fortune 1,000 to small- to mid-sized businesses across the United States.
